Congressmen cool to any thought of income tax hike

WASHINGTON (AP) — A hail of Congressional opposition has greeted a suggestion that President Nixon may try to fight inflation by increasing income taxes temporarily and returning the extra funds to taxpayers later.

The purpose of the tax increase would be to take money out of the economy, to help slow the current economic boom.

If the report given newsman Thursday by Presidential Counselor Melvin R. Laird was intended as a trial balloon — as some congressmen suggested — it may well have been punctured.

Laird, Nixon's principal domestic aide, emphasized there

had been no decision to send Congress the plan, which he attributed to Federal Reserve Chairman Arthur F. Burns.

Listing it as one of a number of ideas under consideration, Laird said the proposal was to impose a surcharge, probably of 10 per cent, so that a person who normally paid \$1,000 in taxes would pay \$1,100 instead. The extra \$100 would be refunded in two to five years, after inflation abated.

"This is not the same as a tax increase," Laird argued, holding the plan would not violate Nixon's pledge against increasing taxes.

But most representatives and senators who commented didn't see it that way.

"It looks like a trial balloon they are already backing away from," said Rep. Al Ullman, D-Ore., acting chairman of the tax-writing House Ways and Means Committee.

Throughout last year's campaign, Nixon promised spending control policies that would avoid the need to raise taxes. He said, for example, in an Oct. 7, 1972, radio speech, "America needs not a tax increase, but tax relief."

In his message to Congress last Monday, Nixon said, "This administration continues its strong opposition to a tax increase."

Ullman said of the proposal "I couldn't support it. I favor a

loophole-closing tax bill that would raise revenue."

Rep. Herman T. Schneebeli of Pennsylvania, senior Republican member of the Ways and Means Committee, said his first impression was "not very favorable."

The recuperating chairman of the committee, Rep. Wilbur D. Mills, D-Ark., said from his Little Rock hospital bed that the plan certainly would look like a tax increase to a worker who saw more funds withheld from his pay check.

Park Board okays boat ramp repairs

By WAYNE LYON

Considering all the problems that have arisen over the Custer Avenue Boat Ramp, the Dixon Park Board members should probably have named it the "Fiasco Boat Ramp."

But after Thursday night's meeting of the board at district headquarters, a new name comes to mind: the "Reluctant Boat Ramp."

The board has been caught in the middle of an engineering squabble between the Illinois Department of Conservation and Robert Hofmann of Willett Hofmann & Associates, engineers who designed the boat ramp.

The battle has continued for more than a year, ever since Hofmann suggested a plan for correcting basic problems which became evident after the facility was put into use.

The Department of Conservation had refused to approve Hofmann's proposed changes. Hofmann, who will make repairs at the expense of his firm, told the board at its August meeting that if he was forced to adhere to Department of Conservation standards, he would refuse to go on with the project.

The board, through Attorney Tomas Magdich, substituting for William Gunner, regu-

lar board attorney, got the word from the Department of Conservation that "reluctant" approval was being given to Hofmann's plan to modify the ramp.

Roy J. Geiselman, chief engineer for the Department of Conservation, in his letter pointed out deficiencies in Hofmann's plan and then gave "reluctant approval."

Geiselman's letter said, in part: "Hofmann refused to recognize successful standards used by departments of conservation and the Corps of Engineers throughout the country."

He went on: "We are considering the extreme need for modification of the launch and the evident reluctance of your firm (Hofmann's) to accept the guidelines of this department for ramp construction. So we shall reluctantly grant approval of the construction proposed."

The letter concluded: "However, it shall be understood that this department accepts no responsibility for the performance of this modified launch ramp after its completion. And further modification will be expected if the currently proposed modification proves

unsuccessful."

Commissioner Pat Jones was reluctant to give his approval to allowing Hofmann to begin modification.

"Hofmann wants to correct the problem," said Jones, "but he has rejected the continual insistence of the Conservation Department. I have a feeling we'll have to do something else. I'd like to see it done to state specifications."

Park Superintendent Lloyd Swan commented, "We have no lever or legal grounds to make him (Hofmann) even do as much as he is offering to do. But, I do feel it's a matter of his reputation." He added, as an afterthought, "I do think, however, that if we accept this plan it will be permanent. I can't see Hofmann re-doing it a second time."

The board gave Hofmann the okay to modify the ramp according to his own plan, with Jones voting "no."

Moving on to better things, the board heard a report by Al Caskey, park consultant, that the master plan work was showing progress. Caskey outlined these points:

The Reynolds Field lighting should be done within two weeks.
The tot lot at the housing project is graded,

ready for fencing and should soon be ready for seeding.

Grade stakes have been placed at the tennis court and ice rink sites.

Phase V equipment has been ordered.

The board heard his report and then authorized partial payment of \$8,577.50 to Lindquist Construction Co. for the tot lot project, and \$3,402.43 to Caskey for fees on work done so far.

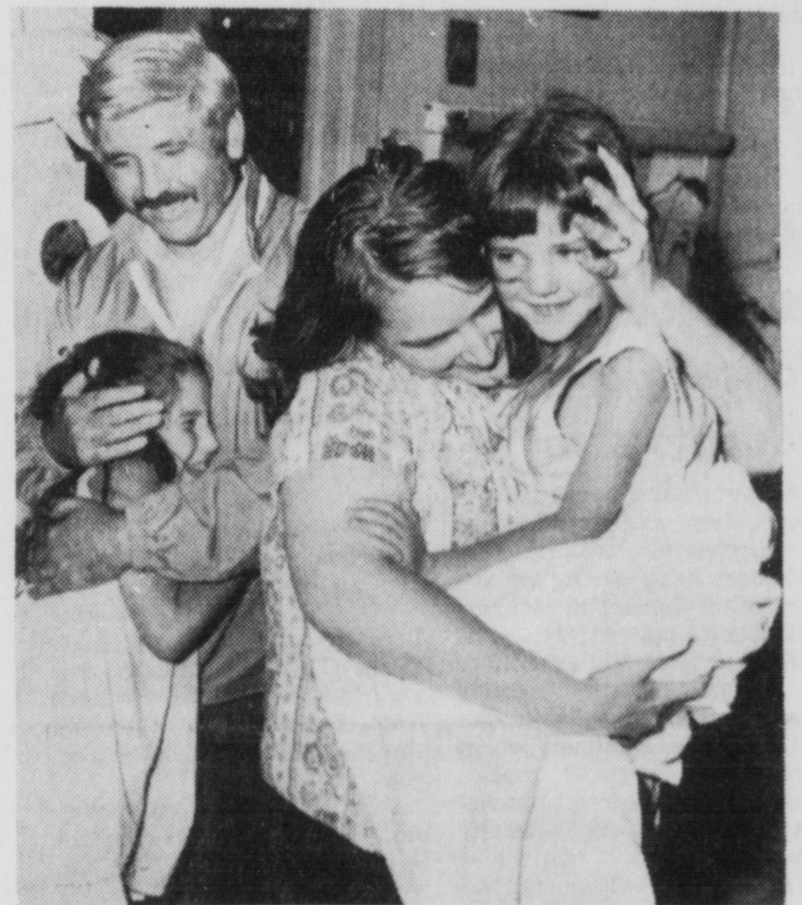

Before adjourning to executive session to discuss personnel matters the board:

—Decided to keep Lowell Park open from 7:30 a.m. until 8 p.m. from Oct. 1 until bad weather.

—Authorized the expenditure of up to \$500 for toilet stalls in the new Page Park restrooms.

The board took possession of the rest rooms Thursday evening before the meeting in a Page Park ceremony. The facilities were built as a joint project by the Dixon Evening Lions Club, the Dixon Noon Lions Club, the Dixon Men's Garden Club and the Jaycees.

—Approved the payment of \$3,825.62 in monthly bills.

Two accused of forgery attempt

OREGON—Quick work by Oregon, Mt. Morris and Ogle County Sheriff's Police resulted in the arrest of two Rockford men for an alleged forgery scheme.

Being held in jail this morning on \$5,000 bonds each were William K. Black, 33, and Albert L. Gantt, 31.

In less than 30 minutes from the initial call from a Byron food store owner, police apprehended the men in a car east of Oregon.

Peter Cacciatore, owner of Byron Foodland called the sheriff's office shortly after 5:25 p.m. He said two men came into his supermarket and attempted to cash what he believed to be a forged \$90 money order.

He said he told the men he would have to check the validity of the money order. When he returned to the front of the store, he told police, the men had gone.

About 10 minutes later, Mt. Morris Police notified the sheriff's office of a similar incident reported to them by Stan Messer, owner of the M and M Supermarket in Mt. Morris.

Messer said one of the men came into his store and attempted to pass a Sears money order while the other man waited in a car outside. Messer gave police a description of the car, which about five minutes later was seen travelling through Oregon on Ill. 64. Police located the car and placed the men under arrest at 5:55 p.m.

Black was charged by Byron Police with forgery. Gantt was charged by sheriff's police with illegal transportation of liquor and no valid driver's license. It was also found that an outstanding warrant from Winnebago County accused Gantt of contempt of court.

The men were scheduled to appear in court today.

\$1 million suit filed over fatal collision

OREGON—One million dollars in damages is sought in a civil suit filed here stemming from the death of a rural Egan man, killed when his snowplow was hit by a car.

The suit was filed by Mrs. Mary Jean Cederholm, as executor of her late husband's estate, and by her individually, against James H. Miller, 41, Mt. Morris.

Gilbert H. Cederholm, 38, was killed Feb. 14 while backing his 1948 Willys Jeep across Mt. Morris Road, according to Ogle County Sheriff's Police.

The suit claims Miller was negligent in driving his 1970 Chevrolet south on the road "at a speed greater than reasonable." In the suit, Miller is accused of crossing into the northbound lane where his car collided with the jeep.

Miller told police he was driv-

ing south when he saw the jeep stopped across the road facing east. Seeing he was unable to avoid the accident in his lane, Miller told police, he attempted to pass the jeep. Miller said during his attempt to pass the jeep, the jeep backed up and was struck.

Impact from the collision pushed the jeep 54 feet, according to police, where it came to rest on its side.

The suit claims that Cederholm's death deprived his family of their means of support, leaving his widow and three children. A jury trial was demanded.

One son, David, was with his father inside the jeep and was injured in the crash.

No tickets were issued. An additional \$8,000 is asked by the plaintiff for medical expenses.

Warning against barrels of poison

NEW ORLEANS (AP) — The Coast Guard warned the entire United States Gulf Coast today of potentially deadly barrels of sodium and potassium cyanide floating in the Gulf of Mexico.

The barrels were dumped into the water after a ship collision Aug. 5 about 480 miles south of Pensacola, Fla.

However, a chemical expert said the two chemicals would have to be eaten to be fatal unless they released cyanide in a gaseous state. And he said this would not occur unless the chemicals encountered an acid condition in the water.

The Coast Guard said it received word of the threat today and did not know why Mexican authorities failed to notify them

earlier.

A spokesman emphasized that one or more of the barrels could be anywhere in the Gulf of Mexico. He noted that the passage of Tropical Storm Delia through the Gulf 10 days after the collision enhanced the possibility that the barrels could be widely scattered.

"It's hard to tell what effect the hurricane and current would have," said the spokesman. "They could be anywhere."

Coast Guard units along the entire 1,600-mile coast of the Gulf of Mexico from Brownsville, Tex., to Key West, Fla., were alerted to the danger.

The barrels, some containing 100 pounds of sodium cyanide

and others 100 pounds of potassium cyanide, are blue with white lettering on them warning: "Dangerous Class 6 Material."

The Class 6 designation is for "highly toxic" material, the Coast Guard said.

All persons along coastal areas were warned against trying to touch or recover one of the barrels if found.

Coast Guard units were advised of certain procedures to be used in attempting to recover the barrels.

The Aug. 5 collision between the Perseus and the Peubla occurred in international waters. The Mexican navy got first word of the incident and notified coastal interests.

Agreement reached on mass transit meeting

SPRINGFIELD, Ill. (AP) — Gov. Daniel Walker announced today confirmed arrangements for a Sept. 19 meeting of Illinois government leaders on mass transit.

Walker said he wrote Thursday to state legislative leaders and Mayor Richard J. Daley of Chicago inviting them to the meeting to discuss a regional transit authority for the Chicago metropolitan area.

The announcement, revealing invitations were sent to the assistant leaders of the Illinois General Assembly as well, said the meeting will last three hours. It will start at 11 a.m. Wednesday in the conference room on the 20th floor of the State of Illinois Building in Chicago.

Walker said he will invite county board presidents of Cook, Lake, McHenry, Du Page, Will and Kane counties.

Walker agreed to the date proposed by Speaker W. Robert Blair of the Illinois House and

President William C. Harris of the Senate, both in the Republican legislative majority, after the three men failed to agree on other dates suggested for next week.

Walker's office said the governor had cleared the Sept. 19 date with Daley and Democratic legislative leaders.

Although the two Republicans and the Democratic legislative

leaders had attended two previous meetings on mass transit with Daley, Walker stayed away on grounds that residents of the six-county northeastern area should be consulted first.

Since then, public hearings have been held and Walker said he had come to share with Blair and Harris "the view that we should now move ahead with presentation of the plan" at the October legislative session.

The spring session of the legislature failed to produce a long range solution to the state financial problems of the Chicago Transit Authority, suburban bus lines and commuter railroads.

Although Blair has espoused a regional transportation plan that would be funded by a sales tax, a parking tax, a contribution from the City of Chicago, and some proceeds of a proposed state lottery, Blair balked when Democrats proposed other taxing powers.

The Lord's House

... a Treasury of Man's Noblest Aspirations in Religious Architecture

The Baha'i House of Worship (WILMETTE, ILLINOIS)

Situated in the center of a seven-acre tract surrounded by nine radiating gardens, this unique nine-sided edifice has been justifiably called "The Taj Mahal of the Western World". Ideally located on the shores of Lake Michigan - just north of Evanston - in the metropolitan Chicago area, the structure is seen and admired from land, sea and air by countless thousands of travelers. Because of its exceptional illumination, the temple serves as a checkpoint to the sailor and aviator, and an exquisite landmark to the motoring tourist or passerby.

The renowned architect of this house of worship, Louis J. Bourgeois, a French-Canadian and graduate of the Beaux Arts in Paris, had appreciable experience with Gothic church design in France. However, the Baha'i temple is not only a refreshingly new approach in architecture but one of the world's most intricate creations. The elaborately ornamented columns and windows, the lacy filigree of the dome and the pleasant cohesion of interlacing arches lend an awesome air of splendor to this edifice which has become one of the earth's most-photographed attractions.

The cornerstone was laid in 1912 but construction was delayed until 1921. Then only the basement was finished and, due to insufficient funds (always the contributions of Baha'i followers), building ceased until 1930. Construction resumed with ten and one-half years' continuous labor being devoted to the dome and exterior alone. The interior was done from 1947 to 1951. When the nine gardens - each with its own circular pool - was finished in 1953, the building was formally dedicated.

Strikingly symmetrical, the temple is 152 ft. wide while the inside of the apex of the dome soars to a height of 152 ft. from the floor of the auditorium. The dome itself is 90 ft. wide and 49 ft. in height. Nine identical, highly-elaborate entrances circle the structure - each entrance separated by exquisite 45-ft. pylons enhanced with religious symbols which chronologically depict the evolution of the world's major religions. The edifice is open to persons of all races, nations, creeds and stations in life.

\$1,338 bill for snake search sent to owner

BUFFALO GROVE, Ill. (AP) — Seymour, a five-foot long rat snake, has cost owner David Pearson, 18, of Buffalo Grove \$1,338 for public expenses. Jerry Driscoll, a trustee of the suburban village, said Pearson was sent a bill for the overtime accumulated by police and fire department searchers who looked for the snake after it broke out of a cage in the Pearson garage almost three weeks ago.

At first, Seymour was thought to be a poisonous Egyptian cobra. Some 75 policemen, firemen and civil defense workers combed the Pearson neighborhood for three days before a zoo expert said the snake was probably a nonpoisonous rat snake. Driscoll said Pearson would be held responsible for the cost of the search force because of a village ordinance which prohibits residents from keeping animals that are not common domestic pets.

If Pearson does not pay the bill, the trustee said, the village is authorized to file civil action against the boy's father, Harold E. Pearson.

Meanwhile, Seymour, the one-time terror of Buffalo Grove, remains at large.

Sodergren-Florczak nuptial vows

MR. AND MRS. JOSEPH FLORCZAK

White silk organza fashioned the floor-length wedding gown worn by Miss Kristine Sodergren, daughter of the John Sodergrens, Dixon, when she became the bride of Joseph Florczak at 3 p.m. Aug. 25 in St. Paul Lutheran Church.

Parents of the bridegroom are Mr. and Mrs. Leo Florczak, Bellwood.

The Rev. William Swarbrick, pastor of the church, was officiating clergyman for the double-ring ceremony, and nuptial music was provided by the associate pastor, the Rev. Robert G. Wurtz, organist.

Altar Flowers
Altar bouquets of white gladioli and white and yellow carnations were flanked by additional arrangements of white gladioli and lighted tapers in candelabras. Bows of yellow and white satin were also attached to the sanctuary pews.

The bride's gown, worn over white satin, featured an A-line skirt and a bodice of French Brindell lace trimmed with Venetian lace appliques and styled with an organza yoke, a wedding-ring collar and bishop sleeves with lace cuffs. Her veil of illusion tiers was held by a Juliet cap of lace and pearls, and as she was escorted to the altar by her father, she carried a cascade of white Fuji chrysanthemums, yellow roses, and baby's breath tied with white ribbons.

The maid of honor, Miss Laura Crook, Oak Park, and the bridesmaids, Miss Sandra

Sodergren and Miss Sara Sodergren, sisters of the bride, were attired in identical full-length gowns combining A-line skirts of green, yellow and white floral crepe trimmed with yellow braid and short-sleeved empire bodices with scooped necklines. Their gowns were complemented by yellow picture hats and short yellow gloves, and bouquets of yellow roses, and white pompons and baby's breath filled the baskets they carried.

John Goldberg, Bellwood, was the bridegroom's best man; groomsmen were Anthony Tranchita, Stone Park, and Stanley Florczak, Bellwood, brother of the bridegroom, and ushers were Robert Kassel, Chicago, and Michael Wilcox.

Emerald Hill Country Club was the setting for a dinner and reception following the ceremony when the bride's uncle and aunt, Mr. and Mrs. Richard Brown, acted as hosts. Yellow candles in candelabras and a centerpiece of yellow and white carnations decorated the bride's table, and tables arranged for guests held bud vases filled with yellow carnations. Foliage and yellow carnations also trimmed the three-tiered wedding cake.

Guests were registered by Miss Pamela Nagy, who also distributed packets of rice in green and yellow net tied with green ribbon, and presiding at the gift table were Miss Carla Witzleb and Miss Martha Feltes.

The bridegroom's parents were hosts for a wedding rehearsal dinner in the Brown Shingle Restaurant, and they also hosted a pre-nuptial reception in Bellwood Aug. 11.

Parties

Parties honoring the bride included a linen shower given by Mrs. David Foster, Wheaton; a kitchen shower arranged by Mrs. James Moore, Rockford; Mrs. Stanley Fredrick, Milledgeville, and Mrs. John Feltes, and a brunch given by Mrs. Julian Marcinkowski.

The new Mrs. Florczak, a 1968 graduate of Dixon High School, received a B. A. degree in philosophy at Northern Illinois University, DeKalb. Her husband, who graduated from Immaculate Conception High School in Elmhurst, also earned a B. S. degree in business at Northern Illinois University, and is associated with the Amphenol-Borg Connector Company, Westmont, where the newlyweds have been residing at 222 W. Quincy Ave., Apt. A, since their return from a Wisconsin wedding trip.

Cinches five—seven is there

By Oswald & James Jacoby
Some people like to barge ahead recklessly without paying any attention to warning signals. Sometimes they go a long way; on other occasions they wind up in the hospital.

South ruffed the heart lead in dummy and remarked, "We may have missed a grand slam. Still I suppose I had better try to make five."

He ruffed the heart in dummy while making his speech. Then he led dummy's 10 of spades. East played low and South let West score his singleton queen.

West did the best he could by cashing his ace of diamonds, but that was the last trick for the defense.

Of course, South could have made seven if he had wanted to play for it and known the trump situation. After winning the first spade he could have returned to dummy with a low club; finessed against East's jack of trumps and splashed down.

How should he have played the hand if he had been in six? Just that way. It was both the best percentage and the play that would work.

Dear Ann

by Ann Landers

Dear Ann Landers: You have printed letters from all sorts of far-out kooks—some so nutty I was sure you made them up. But now I am faced with an honest-to-goodness Ann Landers problem and I need your advice. Will you please be a good sport and help me?

I was invited to a wedding and did not send in an acceptance because I wasn't sure I could attend. I telephoned, however, and told the bride-to-be that I would try to be there, if it was possible.

Due to circumstances I won't go into here, I was not able to attend. Three days later I received the following letter in the mail:

Dear ...:
Since you did not attend my wedding after you had confirmed the invitation, I feel that you should contribute toward the food. The cost of each plate was \$5 and we had to pay for your reservation even though you did not attend. I would not ask you to do this but we are over \$300 in debt because people like you said they were coming and did not show up. Your contribution would help a lot. Very truly yours—Signature of the bride.

Well, Ann: Did you EVER??? What should I do?—Still Stunned

Dear S.S.: No, never!!! Now, forget it.

Dear Ann Landers: I dye my husband's hair and have been doing it for nearly 10 years. At first he objected but I convinced him it would be to his advantage to look younger. Finally he agreed. Now he wouldn't have gray hair on a bet. Here are the advantages of dyeing, as he sees them:

A man who looks elderly is considered over-the-hill, terribly square and out of step with the times. When people think you are middle-aged instead of old, they treat you like a contemporary. This is bound to make a man more cheerful. It lifts his spirits and improves his ability to function sexually.

I believe some women want to look younger than their hus-

bands, which is why they dye their own hair but they don't offer to dye their husbands'. What do YOU think, Ann?—A Fan In El Paso

Dear El Paso: I think if I ever suggested to my husband that he let me dye his hair he would send me in for a saliva test. If YOUR husband likes it, that's his business. To each his own.

Dear Ann Landers: My husband and I are very particular about our diet. We eat only fresh vegetables from our garden, a lot of fruit and yogurt, homemade whole-wheat and nut bread, no meat and very little starch.

A problem arises when we want to invite our parents or neighbors for dinner. We never know if we should serve them what we eat, or if we should buy meat, etc. I don't think people have a right to impose their life style on others. But cooking two different meals is a lot of trouble.

What do you say?—You Are What You Eat

Dear Y. A.: It's not much trouble to throw a steak or a piece of fish under the broiler for guests who don't care for yogurt. Why not come right out and ask your guests what they would prefer?

LOSE 20 POUNDS IN TWO WEEKS!

Famous U.S. Women Ski Team Diet

During the non-snow off season the U.S. Women's Alpine Ski Team members go on the "Ski Team" diet to lose 20 pounds in two weeks. That's right — 20 pounds in 14 days! The basis of the diet is chemical food action and was devised by a famous Colorado physician especially for the U.S. Ski Team. Normal energy is maintained (very important!) while reducing. You keep "full" — no starvation — because the diet is designed that way. It's a diet that is easy to follow whether you work, travel or stay at home. (Not the grapefruit diet!)

This is, honestly, a fantastically successful diet. If it weren't, the U.S. Women's Ski Team wouldn't be permitted to use it! Right? So, give yourself the same break the U.S. Ski Team gets. Lose weight the scientific, proven way. Even if you've tried all the other diets, you owe it to yourself to try the U.S. Women's Ski Team Diet. That is, if you really do want to lose 20 pounds in two weeks. Order today. Tear this out as a reminder.

Send only \$3.00 (\$3.25 for Rush Service) — cash is O.K. — to: NOR CAL Products, P.O. Box 894, Cupertino, CA. 95014. Don't order unless you want to lose 20 pounds in two weeks! Because that's what the Ski Team Diet will do. c 1972

Probation, fine to man after plea change

A jury trial scheduled to begin this morning in Lee County Court was called off after the defendant changed his innocent plea.

James M. O'Brien, Franklin Grove, pleaded guilty to possession of stolen property and was sentenced by Chief Circuit Judge James E. Bales to one year probation and fined \$400.

O'Brien was arrested in June after Lee County Sheriff's Deputies located a stolen camper-truck in his garage. The \$5,400 1973 Ford Ranger was reported stolen in November 1972 from Sexton Ford

Sales, Inc., Moline.

Sheriff's deputies traced the truck to O'Brien's home after receiving a tip on its whereabouts.

Judge Bales said he based the sentence on O'Brien's prior record of no convictions and on the facts that he is gainfully employed and the father of seven children.

Apparently the camper truck was not driven from the garage in the seven-month stay. The odometer reading was set at 104 miles.

Conservation Department buying right-of-way

SPRINGFIELD — The Department of Conservation has taken initial steps toward acquisition of 25 miles of abandoned railroad right-of-way in Jo Daviess county for development of a nature trail between Woodbine and Galena, Conservation Director Tony Dean has announced.

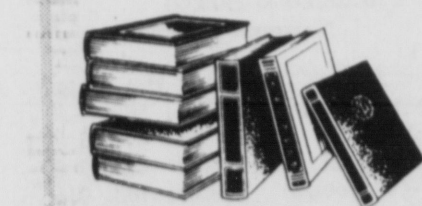

The property includes 19½ miles of former Chicago & Northwestern Railroad line, running east-west between Woodbine and Galena Junction, and a 4½-mile segment of the Chicago, Burlington & Quincy right-of-way, extending northward from Galena Junction to historic Helena.

Dean said the proposed trail passes through some of the most rugged and scenic topography in northern Illinois. Plans call for development of the trail for hiking and bicycling, with wayside stops for picnicking and resting. Additional activities such as horseback riding, cross-country skiing, snowmobiling and camping also are being considered, as is extension of the trail northward along county roads to Apple River Canyon State Park.

Development is expected to get underway with the help of Department personnel and volunteers as soon as substantial portions of the property are under state control, Dean said. It is hoped that the facility will be ready for public use by the summer of 1976.

Dean said total cost of the project is estimated at \$2 million. About \$300,000 has been allocated to begin purchase of the property this year. Land acquisition efforts will continue through the next two years.

The decision to acquire and develop the trail followed ex-

College budget approved

CHARLESTON, Ill. (AP) — The Board of Governors of State Colleges and Universities have approved an operating budget for fiscal 1975 that is \$12.6 million more than what was recommended this year.

A total of \$87.1 million was approved Thursday by the board, which is \$6.3 million more than was actually appropriated for this fiscal year after reductions by the General Assembly and the governor.

The board also approved a capital budget recommendation of \$44.5 million—\$10.2 million less than the board asked this year.

In other action, the board accepted the resignation of Milton Byrd, president of Chicago State University for seven years.

Byrd has been under investigation in connection with alleged mismanagement of \$180,000 when the institution moved to a new campus.

The board voted to honor its salary commitment to Byrd through June 1974 but may appoint his successor at any time. He makes about \$40,000 a year in the post.

The operating budget proposals are as follows:

—Chicago State, \$14.3 million; Eastern Illinois, \$18.4 million; Governors State, \$11.5 million; Northeastern Illinois in Chicago, \$15.6 million; Western Illinois \$25.9 million; the board's central office in Springfield, \$433,290; and the cooperative computer center for the three Chicago area institutions in the system, \$788,208.

Ben L. Morton, executive officer of the board, said the capital budget requests consisted of proposals that previously had received approval from the board, the Board of Higher Education and the General Assembly.

The grants were approved by the General Assembly to reimburse the CTA for \$3.7 million lost due to a 50 per cent decrease in fares for the elderly and a \$3.5 million deficit stemming from a drop in fares for school pupils.

Lindberg said in a statement he would not make the payment because Transportation Secretary Langhorne Bond offered no evidence that the CTA actually suffered the losses.

In a letter to Bond, Lindberg also said he found "no substantive law defining elderly or setting up the conditions under which the loss covered by this voucher would be reimbursed by the state."

"Since we have been put on notice that such loss may actually not have been experienced, we must ask that you include in these vouchers documents indicating compliance with this portion of the appropriation bills," he said.

Pirates belt Cubs 6-1

By JOE MOOSHL
Associated Press Sports Writer

Having battered their way into first place by taking three games of a vital four-game series from the Cubs including a 6-1 decision Thursday, the Pirates move on to another crucial series in St. Louis.

"I think we're as prepared as ever to go down the stretch," said slugger Willie Stargell, who doubled home two runs in the first inning and then scored on a single by Rich Hebner to seal the Cubs' doom.

"Coming here and taking three-of-four was something we had to do and, more important, we were able to do. For the first time this season, everything seems to be jelling. We're making the big plays and getting the key hits."

"It's going to be rough," said Stargell, "but it's going to be just as rough on the others. Anytime you're in first place, the other clubs have to catch you."

Danny Murtaugh, who returned as the Pirate manager a week ago, has guided his team to five victories in the last seven games—all on the road.

"Winning on the road gives you the big lift," said Mur-

taugh. "Another important factor is we blew a six-run lead against Philadelphia Sunday and then came here to win three games. Never mind the one we lost to Burt Hooton the other day, nobody would have beaten him."

One club the Pirates shouldn't have to fear is Chicago. The Cubs are now four games off the pace and since they are finished with the Pirates, they have less of a chance of catching the leaders.

Cub Capt. Ron Santo thinks differently. "When we walked into the clubhouse today, everybody said this is the big one. A matter of being two games out or four games. I still think the division will be decided the last three games of the season."

"The more they count us out, the better it is," continued Santo. "We seem to bounce back everytime somebody counts us out."

Manager Whitey Lockman said the loss "Makes the job that much tougher but we'll still get it."

While the Pirates are at St. Louis to protect their one-game lead over the Cardinals over the weekend, the Cubs will be

in New York for a three-game set against the Mets.

Mets 4, Phillies 2
Wayne Garrett, batting for winning pitcher Tom Seaver, looped the tie-breaking single in the 12th as New York again found runs tough to come by for Seaver, 17-9. He has lost three 1-0 games and had just one run to work with in three of his last four starts before Thursday.

Does the lack of an offense bug him? Not Tom Seaver.

"I've been with the Mets seven years and I still appear pretty sane," he said. "I seem to have no mental problems. I never beat my wife. My roommate still likes me."

Dodgers 8, Astros 6
Ron Cey ripped a two-run homer and Dave Lopes added a two-run double, leading Los Angeles to an 8-6 victory over Houston.

The Astros were leading 3-2 in the fourth when Dodger starter Tommy John drew a bases-loaded walk from Dave Roberts, forcing home the tying run. Lopes then followed with his double. Cey tagged his homer an inning later.

Magic number is 10 Orioles win 2-1

By FRED ROTHENBERG
Associated Press Sports Writer

Pssst...Wanna know the secret to the Orioles' success?

"Sure."
Bad lights.
"Bad lights???"
Shhhhh! Not so loud. Yeah, bad lights.

They get these good athletes, see. Then the Orioles send them down to their Rochester farm club where they can't see the baseball.

"Yeah?"
Then Baltimore brings the rookies up to the majors, lets them loose on major league fields with great lighting and the newcomers go berserk.

Don't believe it? Just ask Oriole newcomer Doug DeCinces.

"I see so much better up here cause of the lights," DeCinces said Thursday night after he knocked in the winning run in the 10th inning for the Orioles' 7-6 victory over the Milwaukee Brewers.

The triumph, coupled with Boston's 2-1, 12-inning loss to the Yankees, reduced the Ori-

oles' pennant-clinching magic number to 10.

In the other American League game, Kansas City edged California 4-1.

"I pick up the rotation of the ball faster here," said DeCinces, who was calling Rochester home last week before the Orioles brought him up to the parent club. "In some parks you're lucky if you can pick up the ball before it reaches the catcher's mitt."

Yanks 2, Red Sox 1

A rose, may be a rose, may be a homer, isn't a homer, isn't a homer.

George (Doc) Medich was coasting along into the ninth on a four-hit, 1-0 shutout.

One out. He still had his four-hit shutout.

Another out. He still had his four-hit shutout.

But then Rick Miller belted a homer and the future doctor's surgery on Boston was no longer successful.

"I thought to myself," Medich remembered. "That was a helluva time to do a thing like

that. If he has to do it, why not three innings ago?"

Medich went on to pitch two more innings of shutout ball before Sparky Lyle came on in the 12th.

In the bottom half Horace Clarke singled, moved into scoring position on Roy White's single and raced home on Thurman Munson's single for a 2-1 Yankee victory.

Royals 5, Angels 4

John Mayberry's two-run, bases-loaded single in the fifth snapped a scoreless tie and Lou Piniella's two-run single keyed a three-run fifth, giving Kansas City a 5-4 victory over California.

SUNDAY, SEPTEMBER 16

ATLANTA...24
Falcons came so close to winning division title last year and they look to be tougher this fall. Win for Saints here would be almost unbelievable. However...

BUFFALO...17
After fairly respectable pre-season, new coach Chuck Fairbanks will have Patriots chomping at the bit... Bills will be the better chomper in this season opener.

CINCINNATI...24
Real coin flipper. Denver tough at home, and Bengals haven't yet been a real strong Paul Brown football team. Still... and tongue in cheek... Cincinnati by one.

CLEVELAND...27
Don't think rebuilt Colts are quite ready to make a big move this early, but it's possible. If they could surprise Browns, they might come surprising many people.

DALLAS...21
Cowboys' "retirement roster" will make things a little trickier for them this fall, and Bears had a little better exhibition season. However, Dallas will be the winner.

KANSAS CITY...26
Chiefs shouldn't be this hard-pressed by "new" Rams. John Hadl still adjusting to new home. Chiefs haven't been impressive in pre-season, but lost some close ones.

MIAMI...13
World Champs played rather lackadaisical f.b. in exhibitions (except against Vikings), but when chips are really down, they'll play for keeps. After a 4-0 point underdogs...

MINNESOTA...13
In spite of Vikings' big win over Raiders in pre-season, this is almost too close to call. Vikes disappointing in '72... Raiders won division. Hunch bet: Minny by 3.

NEW YORK GIANTS...13
Steelers another team with so-so exhibition season. For '72 division winners, they weren't impressive. Lions could open with a shocker, but we'll stick with Pitt.

ST. LOUIS...25
Cards should be favored, but this is in Eagle-country in front of disgruntled Eagle people who've had nothing to shout about — except most Eagles' Long shot? Hope, Cards.

WASHINGTON...23
Skins will give John Unitas a few fits to start out '73 season. Chargers had trouble uniting in pre-season, and look to be short-handed in this first of regular season.

MONDAY, SEPTEMBER 17

GREEN BAY...23
First Monday nite feature of '73 season. Two big questions: are Packers really back for good, and can Yamah get Jets rolling a la 1967? Yes... No. Pack favored.

NEW YORK JETS...17
First Monday nite feature of '73 season. Two big questions: are Packers really back for good, and can Yamah get Jets rolling a la 1967? Yes... No. Pack favored.

Can you still get prime quality for \$1.26 a pound?

A pound of Volkswagen isn't cheap compared to other cars. But what you pay for is the quality. Prime quality. Just look at what you get for your money:

13 pounds of paint, some of it in places you can't even see. (So you can leave a Volkswagen out overnight and it won't spoil.)

A watertight, airtight, sealed steel bottom that protects against rocks, rain, rust and rot.

Over 1,000 inspections per one Beetle. Electronic Diagnosis that tells you what's right and wrong with important parts of your car.

A 1600 cc aluminum-magnesium engine that gets 25* miles to a gallon.

Volkswagen's traditionally high resale value.

Over 22,000 changes and improvements on a car that was well built to begin with.

What with all the care we take in building every single Volkswagen, we'd like to call it a filet mignon of a car. Only one problem. It's too tough.

Few things in life work as well as a Volkswagen.

WANT ADS ARE READ BY MORE PEOPLE EVERY DAY

The Worry Clinic

By DR. GEORGE W. CRANE
CASE Y-517: Susan F., aged 17, is a high school senior.
"Dr. Crane," she began, as I addressed her Journalism Class, "it must be very pleasant to write a daily newspaper column."

"For you know you can help educate millions of people who never get a chance to go to college."

"But why do you often 'needle' readers, especially women?"
"My mother never fails to read your column every day. 'But sometimes you make her so furious that I've seen her tear up the entire page where your column appears.'"

"Once she even threw the fragments on the floor and then stamped on them!"
"But she always comes back to it next day when our paper arrives!"

Fringe Benefits
There are many "fringe benefits" that an educator obtains from helping straighten out muddled thinking.

That's what motivates most teachers, as well as clergymen, too.

And I admit to "needling" many stodgy wives, as well as soporific clergymen and lazy teachers, who try to coast on "tenure," with mediocre lecturing.

But occasionally I receive a barb, such as this recent missive:

"Dear Dr. Crane," it began, "each day I delight in reading your column. Why?"

"Because you are so absolutely corny, ignorant about female sex and egotistical!"

"So I read you every day just for amusement!"

"It is hard to believe that anybody would take you seriously."

"You think you are so clever

Today's highlight in history: On this date in 1901, President William McKinley died in Buffalo, N.Y. from wounds suffered eight days earlier at the hands of an assassin.

On this date— In 1778, Benjamin Franklin was sent to France as American minister plenipotentiary.

In 1812, Napoleon entered Moscow.

In 1923, Jack Dempsey knocked out Luis Angel Firpo in two rounds of a heavy championship fight in New York.

In 1940, Congress passed the Selective Service and Training Act.

In 1945, the premier of Japan made a peace overture to the American public, saying: "Won't you forget Pearl Harbor?"

Ten years ago: Quintuplets were born to the 30-year-old wife of a shipping clerk in Aberdeen, S.D.

in your constant criticism of Women's Libbers!
"It is obvious that you are 100 per cent completely threatened."

"Dr. Crane, you are the one who is sexually immature. For you feel that all men are superior."

"You seem to think a woman's role is merely to 'purr contentedly and boast of the Mrs. in front of her name!'"

"While she purrs, you men are to dominate everything and perform the meaningful, important things in life!"

"A woman's whole being is just to reinforce a man! Sick! Sick! Sick!"

"I am a feminist and I am NOT frustrated, a lesbian, ugly, old or unhappy!"

"So leave us alone, Dr. Crane!"

"You are sick sexually — not us women!"

"Remember, Dr. Crane, that this is the 20th Century!"

That type of letter is superb "proof of the pudding."

You mature readers can see that this woman is "protesting too much," as Shakespeare wisely warned.

Any wife whose husband has employed the proper erotic technique in their boudoir, will never write such a missive.

For a sexually satisfied wife LIKES to purr!

And she enjoys having a dominant husband.

For women were created that way! It's part of the original plan for the proper domestic relationship between husband and wife.

Remember, it's only the trees that produce the big, juicy apples that have the sticks and stones thrown at them!

Such letters are proof of the educational value of this column.

So send for the medical booklet "Sex Problems in Marriage," enclosing a long stamped, return envelope, plus 25 cents, and you husbands can make such a wife purr till her Golden Wedding Day!

(Always write to Dr. Crane in care of Dixon Evening Telegraph, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs, when you send for one of his booklets.)

'Common market' education plan tested

By GERRY NELSON
Associated Press Writer
ST. PAUL, Minn. (AP) — Minnesota and Wisconsin are operating a "common market" for college education.

For the price of in-state tuition, a student in either state can have his pick of public colleges and universities in the two states.

So far, about 3,000 students have taken advantage of the

POLO — The first meeting of the new year for the Polo Women's Club was held on Tuesday.

Mrs. Russell Poole, president, opened with a poem "Arthurs Unknown." The group was then led in the singing of the National anthem and the pledge to the flag.

Mrs. Pauline Grant, Program Chairman, announced the next meeting for Oct. 9, with Mrs. Walter Maxey, Mrs. John Gatz, Mrs. Earl Brown, Mrs. Dan Fierheller, Mrs. Ralph Coffey, Mrs. Vernon Good, Mrs. Charles Oyler and Mrs. Lemuel Osterhoudt on the Social Committee. Miss Karen Gray will give a report on her experiences at Camp this summer and Mrs. Elda Goodmiller will speak on Conservation.

The Membership Committee reported the application of four new members, Mrs. Naomi Hoffman, Mrs. James Ducan, Mrs. B. A. Menuch and Miss Hornora Kramer.

Home Life Chairman, Mrs. A. O. Hanna, asked the members for more gifts for the bingo games at the Polo Continental Manor Nursing Home. They are to bring them to the Oct. 9 meeting.

Miss Irene Poole, Finance Chairman, reported these activities for the coming year. A bus trip to Nauvoo, Ill., on Sept. 29; trip to the Ice Follies, Chicago, on Nov. 1; and a trip to the McCormick Place on March 23. Mrs. Poole announced these meetings for fall schedule of Illinois Federation of Women's Club. On Sept. 17, at Bryon will be a 9 a.m. fall conference; at the Presbyterian Church in Polo on Oct. 2, there will be a 13th District meeting; a Northern Regional Conference at

program, which was approved by the two states' legislatures last spring.

Gov. Wendell Anderson of Minnesota believes the idea will spread.

"I would hope for starters we could extend it to North Dakota, South Dakota and Iowa," Anderson said in an interview.

There have been limited reciprocity plans between states but the Minnesota-Wisconsin arrangement is apparently the first nonrestricted agreement.

Wisconsin had previously accepted Minnesota students only up to the number of its residents who went to Minnesota.

The new plan sets no limit on the numbers who can cross the border to go to school.

Thus far, the student movement has been mostly from Minnesota to Wisconsin. More than 1,800 Minnesota students

have signed up at Wisconsin universities. More than 900 Wisconsin students have headed west to Minnesota.

The cash saving for students is significant.

A Minnesota student attending the University of Wisconsin would have paid \$1,906 under the old nonresident rate. Now he gets by for \$558, the same as a Wisconsin resident.

At the University of Minnesota, Wisconsin and Minnesota residents have a base tuition in liberal arts of \$930 for three quarters. Others pay \$1,476.

With the college boom over, both states had empty dormitory rooms. The cross-border influx won't take up all the slack but officials call the new students a welcome addition.

The arrangement called a "common market" stemmed

met at the home of Mrs. David Poole with Mrs. Russell Poole giving the major lesson on "Communication of Ideas" and Mrs. Donald Seidel presenting the minor lesson on "Focus on Iron." The chairman, Mrs. Gene Klock announced the next meeting on Oct. 8 at the home of Mrs. Rodrick Geary.

POLO — Eighteen members and two guests enjoyed the annual Men's Garden Club steak fry recently. The steak fry was held in the Lion's Shelter at the Polo City Park.

At the next meeting on Oct. 10, there will be offered a slate of nominations for the new officers for the coming year. The meeting will be held at the Buffalo Township Library.

from an agreement between Anderson and Gov. Patrick J. Lucey of Wisconsin. It was tossed into the laps of educators as an accomplished fact.

It all started last January when Anderson asked for repeal of a tax law that allowed Wisconsin residents to file tax returns only in their home state, even though they earned a taxable income in Minnesota.

Lucey wanted to keep tax reciprocity, since it helped Wisconsin tax coffers and made life easier for several thousand border residents who worked in Minnesota. Without reciprocity, they'd have had to file two tax returns, crediting one against the other in a complicated process.

Anderson says agreement came in a brief conversation with Lucey at a conference of governors. The key at the time was the availability of slots for Wisconsin youth in Minnesota's school of veterinary medicine.

"I said to Pat, 'Why don't we continue reciprocity. You give us educational reciprocity and we'll each send a check to make up the difference.' He came back and said, 'Yes, that sounds fine, but you give us some assurance on veterinary medicine.'"

Out of that conversation came a two-pronged contract. One part is a tax-where-you-live plan that lets border-crossing workers pay only in their home state. The other half opens up the border for college students, eliminating nonresident tuition.

Students can pick and choose among state universities, state colleges, state junior colleges and vocational-technical schools. No private schools are involved, however.

The experiment has sparked the interest of other governors, Anderson said.
